#### COMMENTS ON EXAMINER'S REASONS FOR ALLOWANCE

Applicants acknowledge the Examiner's Statement of Reasons for Allowance accompanying the Notice of Allowance.

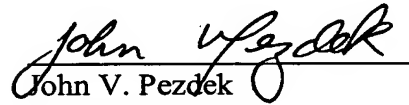

Applicants agree with the Examiner's Reasons For Allowance for claim 1, but Applicants believe that claim 1 is also allowable because of the limitation, taken alone or together with the other limitations of claim 1, that the at-least-one computer program performs a step of determining the size of the image. Applicants also believe that, regardless of the allowance of independent claim 1, dependent claims 2-14 are allowable because of their added limitation(s).

With respect to the Examiner's Reasons For Allowance for claims 18-20, Applicants believe that the phrase "a determined image size" and the phrase "the determined image size" should be changed to "the image". Applicants also believe that, regardless of the allowance of independent claim 18, dependent claims 19-20 are allowable because of their added limitation(s).

Comments on Examiner's Reasons for Allowance

Applicants agree with the Examiner's Reasons For Allowance for claim 15, but Applicants believe that claim 15 is also allowable because of the limitation, taken alone or together with the other limitations of claim 15, that the borderless printing mode leaves no unprintable margin from two perpendicular edges of the sheet. Applicants also believe that claim 15 is also allowable because of the limitation, taken alone or together with the other limitations of claim 15, that the at-least-one computer program performs a step of determining the size of the image. Applicants additionally believe that claim 15 is also allowable because of the limitation, taken alone or together with the other limitations of claim 15, that the at-least-one computer program performs the step of automatically determining if the image size can fit within the maximum printable area of the sheet for the normal printing mode. Applicants further believe that, regardless of the allowance of independent claim 15, dependent claims 16-17 are allowable because of their added limitation(s).
